“This positive pro-life program generated the best conversations I have ever had with my son in his entire life. Thank you.”

An artistic blend of both the biology and the theology of the body will be presented through videos that include pictures and simple anatomy diagrams to teach about male and female differences, the power to give life, marriage, the conjugal union, fetal development, and purity. Time is allowed between segments for private talks between parent and teen. There will be some group discussion and an age-appropriate question and answer session from a Catholic perspective.

When and how does life really begin? What are the male and female roles in reproduction? How has God naturally designed marriage to be only between a man and a woman? To what extent did the saints go in their defense of marriage and purity? How do you manage times of temptation?

Why and how we need to defend life in our culture

Presented by Coleen Kelly Mast, M.S.

Coleen Kelly Mast has a Masters Degree in Health Education and is the author of both the *Sex Respect* and *Love & Life* Programs for parents and teens. Mast is a radio talk show host on Ave Maria Radio.

Her call-in advice show on Saturday mornings called “*Mast Appeal*” is syndicated on more than 250 stations in the US.
